Full job description

We are seeking a dynamic and motivated individual to join our team in the role of Project Coordinator. This position is ideal for someone with a passion for technology, excellent organizational skills, and a strong desire to contribute to the successful delivery of software projects.

Responsibilities:

- Collaborate with senior project managers in developing project timelines and milestones.
- Facilitate clear communication among teams, clients, and stakeholders.
- Maintain project documentation, including plans, reports, and meeting minutes.
- Identify and address potential project risks; assist in developing mitigation strategies.
- Ensure deliverables meet quality standards through periodic reviews.
- Support client interactions and promptly address inquiries and concerns.
- Responsible for maintaining ERP-related to projects and CRM-related information.
- Assist in resource allocation, workload management, and team performance monitoring.

Qualifications:

- Bachelor's degree in CS, SE, or a relevant field.
- 3 to 6 months of experience and also **fresh graduates** with a degree in **CS** or **SE** are also encouraged to apply.
- Strong organizational and multitasking abilities.
- Excellent communication and interpersonal skills.
- Basic understanding of software development processes.
- Proficiency in project management tools and software.

Preferred Skills:

- Familiarity with Agile methodologies.
- Experience with project management tools such as Jira, Trello, or Asana.
- Basic technical understanding of software development.

Job Type: Full-time

Pay: From Rs50,000.00 per month

Work Location: In person

What problem is the employer trying to solve by hiring this role?	
List any 5 key skills or qualifications mentioned in the job description.	
Based on the job, what appears MOST important to this employer? ⇒ Communication ⇒ Organization & multitasking ⇒ Technical understanding ⇒ Team collaboration ⇒ Documentation accuracy ⇒ Risk identification	
Task A. Choose one relevant achievement from your resume. Example area to draw from may include: ⇒ Project coordination experience ⇒ Documentation ⇒ Communication with clients ⇒ Teamwork	Write it in bullet form:
Task B. Turn it into a persuasive sentence you could use in a cover letter. Guidelines: ⇒ Add context ⇒ Show measurable or specific impact ⇒ Link to employer's needs	

Task C: Rewrite the following *weak* statements to emphasize contribution to Deliverydevs.

1. I am looking to gain experience in project coordination.	
2. This job will give me a strong foundation for my career.	
3. I think I'd be a good fit because I'm ambitious and hardworking.	

Task D: Draft the Core Body Paragraph using one key competency from Task A, your persuasive sentence from Task B and contribution to the company. Write a 4–5 sentence body paragraph you could include in your cover letter.

Structure:

1. Skill alignment with job needs	2. Result or contribution
3. Evidence / achievement	4. Link to company goals
